

Dear Scandinavian colleague!

2016-04-20

The Swedish Society for Aesthetic Plastic Surgery (SFEP) would like to invite you to **SFEP's 8th Scandinavian Aesthetic Surgery Meeting in Gothenburg September 23-25, 2016.**

Please inform all your colleagues about the opportunity to participate in the event. We would especially like to see more of the younger colleagues attending the meeting.

The theme for this year's meeting is "Long-term results – out come after 5-10 years"

Among our invited Speakers will be Patrick Tonnard from Belgium and Bhupendra Patel from United States as well as Ruth Graf from Brazil.

Abstract suggestions should be sent to the Society's secretary Anders Liss, anders.liss@artclinic.com.

Deadline for abstracts is August 15th.

Please note that the presentations and discussions will be held in English.

Due to an increased publicity in media and discussion among politicians and experts regarding the subject of Aesthetic Surgery there will be two sessions focusing on Swedish law related to these topics. These national sessions will be held in Swedish.

As usual the exhibition will be on top. Expect the latest in medical technology from our exhibitors! Some have even invited guest speakers to industry-sponsored presentations.

We are looking forward to an exciting meeting in Gothenburg. The Congress Venue will be the Sankt Jörgen Park in Gothenburg, a unique facility that offers hotel, conference, spa, sport club, golf and restaurants. Here you will find one of Sweden's most beautiful spa with its unique spa ritual. The 18-hole golf course is just a pitch distance from the hotel. Personality and passion permeates throughout the facility. That's all we tell you now – come to Gothenburg and experience it for yourself!

And again there will be a wonderful social program. Please bring your spouse! See old friends and make new acquaintances.

Sunday you can participate in the "SFEP Scandinavian Plastic Surgery Master Golf"!

Please visit our website for further information and updates on all interesting topics concerning our Society, www.sfep.se

Welcome, see you in September 2016!

The Congress Committee SFEP

The Swedish Society of Aesthetic Plastic Surgery

Program, SFEP 2016
